SHARRON ANGLE WILL PROPOSE REDUCTIONS IN BUSINESS FEES

"Nevada Needs To Make Business Affordable Again"

Reno, Nevada - Sharron Angle Cares About The Future Of Opportunity In Nevada: Housing, food, gas, and opportunity needs to be more affordable in Nevada. Mrs. Angle issued a statement on why it's important to everyone for Nevada to Make Business More Affordable Again.

Sharron Angle Will Propose Affordable Business License Fees And Taxes: *"Over the last decade, Nevada has lost its competitive business edge to other states. The result is fewer and fewer opportunities in Nevada for everyone, especially Nevadans who are graduating high school or college. The new ideas, energy, and commitment to our country needs a place to thrive, and that needs to be here in Nevada. Younger Nevadans need an affordable way to start a new business in Nevada. In 2027, I will propose reductions in Business License Fees that the State of Nevada requires through the Secretary Of State office", said Mrs. Angle.*

Sharron Angle Is Campaigning To Unify Republicans And Nevadans: *"It is important for Republicans, and all Nevadans, to work together to do what is right for the future of our state. I will continue to unify Republicans and all Nevadans behind the values we all share", said Mrs. Angle.*

Sharron Angle Is On The Election Integrity Tour Across Nevada. Mrs. Angle is a dedicated citizen who spent 8 years in the Legislature putting Nevadans like **YOU** first! The right to homeschool your children, the property tax abatement on your home, the Nevada Supreme Court fight in 2003 on the two-thirds requirement to raise your taxes, and one of the leaders on Voter I.D. since 2005, that's Sharron Angle. No other Nevadan is stronger, more experienced, and more knowledgeable than Sharron Angle to implement voter ID in the office of Nevada Secretary Of State. You can help her win this race!
